Khalil Fattouch, Palermo, Italy
Gilbert Habib, Marseille, France
José Luis Zamorano, Madrid, Spain
Raphael Rosenhek, Vienna, Austria

Joint with ESC Working Group on Valvular Heart Disease
Eucomed Code of Ethical Business Practice: COMPLIANT
Welcome to EuroValve 2015!

It is a great pleasure to welcome you for this third edition in the beautiful city of Nice, which offers something for everyone: whether you are a culture or art passionate, a Mediterranean cuisine lover, this amazing city is sure to please you.

As you may know, we always intend to favor more interactivity and discussions, especially thanks to several symposia, industry symposia, controversies and round tables.

Again, over 2 days, we will present an extensive program dedicated to valvular heart disease, focusing on genetics, surgery, epidemiology, transcatheter valve replacement, echocardiography, new imaging.

This year, we are hosting the ePosters presentation on Friday March 27 at 16:15 in the exhibition hall. Do not forget to watch them on the interactive screens onsite in the exhibition hall.

Take your time to visit the exhibition and discover the Industry news as it is only thanks to their precious help that we could achieve our ambitious program and do not miss Abbott Vascular and Sorin symposia on Saturday in the plenary room.

We are very pleased to have you during two convivial days of fruitful teaching in Nice.

Enjoy the congress!

The EuroValve Directors
Patrizio Lancellotti, Khalil Fattouch, Gilbert Habib, José Luis Zamorano and Raphael Rosenhek
Friday March 27, 2015

08:00 Welcome coffee in the exhibition hall 🥇
08:30 Opening ceremony
  Patrizio Lancellotti, Khalil Fattouch, Gilbert Habib, José Luis Zamorano, Raphael Rosenhek
08:45 Controversy in infective endocarditis: prophylaxis is no longer needed
  Patrizio Lancellotti, Gilbert Habib
  Pro, Bernard Prendergast
  Contra, Bernard Iung
  Round table discussion with experts panel, Isidre Vilacosta, José Luis Zamorano
08:50 Keynote lecture
  José Luis Zamorano, Luc Piérard
  Why is mitral regurgitation so important in heart failure? And how do we fix it?
  Robert Dion
10:00 Coffee break in the exhibition hall 🥇
10:30 Symposium: ascending aorta dilation and aortic valve disease. Controversial issues in clinical practice
  Giuseppe Speziale
  Follow up of ascending aorta diameter by multimodality imaging.
  Which test and when? Arturo Evangelista
  Comparison of aortic growth rate in bicuspid aortic valve, Marfan syndrome and degenerative aortopathy, Agnès Pasquet
  Prophylactic aorta surgery at 45-55mm Which risk factors?
  Alessandro Delia Corte
  Surgical strategies in different conditions, Giovanni La Canna
  Round table discussion with experts panel, Arturo Evangelista Masip, Khalil Fattouch, Raphael Rosenhek
12:00 Lunch break in the exhibition hall 🥇
13:00 Symposium: how to manage anticoagulant therapy in valve disease
  Bernard Iung
  After valve replacement, Bernard Iung
  In infective endocarditis, Bernard Prendergast
  Before and during pregnancy, Bernard Iung
  Is there a place for new anticoagulants in prosthetic valves? Patrizio Lancellotti
  Round table discussion with experts panel, Bernard Cosyns, Philippe Koh, Cécile Oury
14:30 Symposium: what to do when prosthetic valves go wrong
  Philippe Pibarot, Emile Ferrari
  Patient-prosthesis mismatch or prosthetic valve stenosis – which is it?
  Philippe Pibarot
  Valve-in-valve intervention for degenerating bioprosthesis, Giovanni La Canna
  Percutaneous closure of paravalvular leaks, José Luis Zamorano
  Valve thrombosis – how to choose the least worst treatment option, Bernard Cosyns
  Round table discussion with experts panel, Julien Magne, José Luis Zamorano
14:50 Coffee break in the exhibition hall 🥇
15:15 Symposium: pulmonary hypertension (PHT) in valvular heart disease
  Bernard Prendergast, Philippe Pibarot
  PHT in primary MR, Catherine Szymanski
  PHT in aortic stenosis, Thierry Le Tourneau
  Exercise PHT in valvular heart disease, Julien Magne
  PHT following surgery for valvular heart disease, Rocío Hinojor
16:15 Case presentations: challenges in heart valve diseases
  Victoria Delgado, Erwan Donal, Jacques Gauthier
  A high risk patient with aortic stenosis: how far should we go?
  Bernard Prendergast
  An asymptomatic patient with severe mitral regurgitation, Raphael Rosenhek
  A patient with high gradient on a prosthetic valve, Bernard Cosyns
  A difficult diagnosis of infective endocarditis, Gilbert Habib
  Round table discussion: The youth challenging the experts, Julien Magne, Raluca Dulgheru
17:45 End of the sessions

ePosters competition in the exhibition hall 🥇
Jury:
  Raphael Rosenhek
  José Luis Zamorano
Saturday March 28, 2015

07:30 Welcome coffee in the exhibition hall

08:00 Controversy in secondary mitral regurgitation
José Luis Zamorano, Luc Pérard
08:20 Repair, Khalil Fattouch
08:40 Round table discussion with experts panel, Bernard Jung, Philippe Kolh

09:00 Keynote lecture
José Luis Zamorano
09:20 State of the art on transcatheter mitral valve procedures, Giovanni La Canna
09:40 Round table discussion with experts panel, Thomas Modine, Gilbert Habib, Robert Dion

09:30 Symposium
Improving patient outcome through innovation
Alain Berrebi, Khalil Fattouch
09:30 New generation stented valves: the Crown PRT, Martin Hartrumpf
09:50 Latest generation of surgical valves: the Sutureless Solution for AVR, Bart Meuris
10:10 Innovation in mitral repair: the Memo 3D Rechord, Xavier Ruya

10:30 Coffee break in the exhibition hall

11:00 Improving risk stratification in asymptomatic severe aortic stenosis
Patrizio Lancellotti, Raphael Rosenhek
11:15 Valve calcification by CT, David Mesika Zeitoun
11:30 Neuro hormones, Jutta Bergler Klein
11:45 Myocardial fibrosis by MRI, Victoria Delgado
12:00 Round discussion with experts panel, Cécile Oury, Julien Magne

12:15 Symposium
Mitra regurgitation in the MitraClip Era
José Luis Zamorano, Patrizio Lancellotti
12:15 Introduction, Patrizio Lancellotti
12:18 What has changed since the introduction of MitraClip therapy, José Luis Zamorano
12:30 Patient selection for MitraClip therapy, Gilbert Habib
12:42 Patient management during and after MitraClip therapy, Eric Brochet
12:54 MitraClip therapy clinical evidence & trial program, Victoria Delgado
13:10 Discussion, Patrizio Lancellotti
13:30 Conclusion, Patrizio Lancellotti

13:15 Lunch break in the exhibition hall

14:15 Clinical session: challenging clinical situation
Gilbert Habib, Pierre Gibelin
14:25 A case of large vegetation with neurological complication, Isidre Vilacosta
14:30 A case of prosthetic valve endocarditis, Eric Brochet
14:45 A case of urgent surgery, Khalil Fattouch
15:00 Round discussion with experts panel, Bernard Cosyns, Raphael Rosenhek

15:30 Challenging/controversial issues in the management of VHD
Philippe Kolh
15:30 Low gradient severe aortic stenosis, Philippe Pibarot
15:50 Left sided severe valvular disease with concomitant tricuspid regurgitation, Filip Dulguerov
16:10 Staged approach in high risk patients with severe AS: BAV and then TAVR?
Mark Monaghan
16:30 Round discussion with experts panel, Jutta Bergler Klein, Bernard Jung

16:50 Closing remarks / ePosters awards ceremony
Patrizio Lancellotti, Khalil Fattouch, Gilbert Habib, José Luis Zamorano, Raphael Rosenhek
Preoperative and predischarge predictors for persistent pulmonary hypertension after mitral valve surgery in patients with chronic organic mitral regurgitation
Ariani Rina, Amiliana Soesanto
Departement of Cardiology and Vascular Medicine Medical Faculty University of Indonesia, National Cardiovascular center Harapan Kita, Jakarta, Indonesia

Reduction of pulmonary vascular resistance after mitral valve surgery in mitral stenosis patient with pulmonary hypertension improves heart rate recovery during exercise test
Nurdin Mochamad Hikal, Andang Joesoef, Renan Sukmawan, Amiliana Mardiani Soesanto
Department of Cardiology and Vascular Medicine, Faculty of Medicine, Universitas Indonesia, National Cardiovascular Center Harapan Kita, Jakarta, Indonesia

Comparison of force development of right atrial and left atrial human skinned fibers
Constanze Bening, Lars Oliver Conzelmann, Uwe Mehlm, Christian Friedrich Vahl
University Hospital, Department of Cardiothoracic and Vascular Surgery, Mainz, Germany

Baseline ejection fraction is the major determinant of clinical and functional improvement at 1 year follow-up after Trans Aortic Valve Implantation (TAVI)
Sara Cimino, Martina Solli, Manuela Reali, Valentina Petronilli, Francesco Cicogna, Elisa Silvetti, Tiziana Salatino, Mauro Pennacchi, Gennaro Sardella, Luciano Agati
Department of Cardiology, "Sapienza" University, Rome, Italy

Pre operative endothelin-1 level correlates with systolic pulmonary artery pressure after mitral valve surgery in patients with mitral stenosis
Dyna Evalina Syahlul, Amiliana Mardiani Soesanto, Suko Adiarto
Department of Cardiology and Vascular Medicine, Faculty of Medicine, Universitas Indonesia, National Cardiovascular Center Harapan Kita, Jakarta, Indonesia, Jakarta, Indonesia

Infective endocarditis complicated by renal failure: etiology and prognosis: role of renal biopsy
Ichnak Boukantar, Ilham Bensah, Chaymaa Houari, Rachida Habbal
CHU Ibn Rochd, Casablanca, Morocco

Prevalence of coronary artery disease before valvular surgery in moroccan patients with rheumatic valvular disease
Ilham Bensah, Salim Arous, Leila Azzouzi, Rachida Habbal
Department of Cardiology, University Hospital Ibn Rochd of Casablanca, Morocco

Effect of preload reduction by nitroglycerine on the severity of ischemic mitral regurgitation and mitral apparatus geometry: difference between anterior and inferior myocardial infarction assessed by three-dimensional echocardiography
Cho In Jeong, Chi Young Shim, Giu Ru Hong, Namik Chung, Jong Won Ha
Severance Cardiovascular Hospital, Seoul, Korea, Republic of South Korea
Opening a window on the heart with VFM
Assess cardiovascular blood flow distribution without angle dependency with Hitachi-Aloka’s Vector Flow Mapping

Sorin Group has the pleasure of inviting you to attend the Industry Symposium:

IMPROVING PATIENT OUTCOME THROUGH INNOVATION
WITHIN THE SCIENTIFIC PROGRAM OF EUROVALVE 2015 CONGRESS

SYMPOSIUM PROGRAM

09:30 am - 09:50 am
NEW GENERATION STENTED VALVES: THE CROWN PRT
M. Hartrumpf, Germany

09:50 am - 10:10 am
LATEST GENERATION OF SURGICAL VALVES:
THE SUTURELESS SOLUTION FOR AVR
B. Maerus, Belgium

10:10 am - 10:30 am
INNOVATION IN MITRAL REPAIR: THE MEMO 3D RECHORD
X. Ruya, Spain

INDUSTRY SYMPOSIUM

Saturday, March 28, 2015
9:30 am - 10:30 am
RADISSON BLU HOTEL NICE - FRANCE
